Administering medication at school
When a medical practitioner has prescribed medication that must be administered during the school day, parents are responsible for:
- bringing this need to the attention of the school
- ensuring that the information is updated if it changes
- supplying the medication and any 'consumables' necessary for its administration in a timely way
- collaborating with the school in working out arrangements for the supply and administration of the prescribed medication.

Parents of children who require prescribed medication to be administered at school must complete a written request.

The principal will provide the form to the parent. If parents have difficulty in completing the form they should ask the principal for assistance.

Students must not carry medications unless there is a written agreement between the school and the student's parents that this is a planned part of the student's health care support.

Students' immediate access to prescribed medication is very important for the effective management of conditions such as asthma and anaphylaxis. Students and parents need to be advised of this requirement so that students are not left without access to critical medication. For further information see storage of prescribed medication.

A letter to parents/carers has been prepared to confirm arrangements for the administration of the student's medication at school.

The new form and letter is available at the school upon request.

Student Absences
A reminder to parents that a note or a phone call to the office to explain why their child is absent from school is important. The School Liaison Officer on a recent school visit, made it clear that it is mandatory for parents to do this.

Hello Kitty Makes cupcakes
Hello Kitty decided she would make some cupcakes. First she had to go and get the eggs, flour sugar milk pan and bowel. Then she mixed everything together she then put a liner in the pan. Then she put the batter in the pan. Then she cooked it in the oven. She then decorated them with pink icing and hearts.

Change of Clothes
Could parents please send in a spare change of clothes if your child is likely to wet their pants at school. We have a limited supply of clothes in the office in case of accidents but many are not returned. At the moment we have no underpants, so we will have ring parents to come and change their children if they wet their pants.
